PROFESSIONAL SUMMARY

Cybersecurity enthusiast with hands-on experience in Wazuh SIEM, SOC operations, and home lab projects. Skilled in security monitoring, log analysis, alert triage, threat detection, incident response, event correlation, and vulnerability assessment. Seeking a SOC Analyst (L1) role to strengthen organizational security through effective threat monitoring and incident investigation.

EDUCATION

- Institute of Aeronautical Engineering** November 2023 - April 2026
BTech in Computer Science and Engineering(Cybersecurity) Dundigal
 - GPA: 8.12/10.00
- J N Government Polytechnic** June 2020 - April 2023
Civil Engineering Hyderabad
 - GPA: 8.73%
- T S Model School** June 2014 - April 2020
SSC Jangaon
 - GPA: 10.0/10

PROJECTS

- AI-Powered SOC Assistant** GitHub
Tools: Python, Splunk Enterprise, Streamlit, SQLite, Gemma 3, Plotly, PyDeck, Pandas, MITRE ATT&CK, Git, GitHub
 - Built an AI-powered SOC platform integrating Splunk, Python, and MITRE ATT&CK for Windows log analysis and threat detection.
 - Developed automated event correlation, risk scoring, AI-assisted alert investigation, and SQLite-based incident reporting workflows.
 - Created a real-time Streamlit dashboard to monitor security alerts, visualize attack techniques, and track SOC performance metrics.
- PhishCatcher: AI-Driven Client-Side Defense Against Phishing and Web Spoofing Attacks** GitHub
Tools: Python, Flask, Scikit-learn, SQLite, HTML, Stacking Classifier, Random Forest, SVM, XGBoost
 - Developed an AI-powered phishing detection system using Random Forest, SVM, XGBoost, and Stacking Classifier.
 - Built a Flask web application with SQLite for secure URL analysis and prediction history management.
 - Performed feature engineering, model evaluation, and performance analysis using Accuracy, Precision, Recall, and F1-score.

EXPERIENCE

- Redynox** June 2025 - July 2025
CyberSecurity Intern Virtual
 - Performed network security assessments and vulnerability analysis using industry-standard cybersecurity tools.
 - Gained hands-on experience in network monitoring, packet analysis, wireless security (WPA2/WPA3), and web application security testing while documenting findings and remediation recommendations.
- Vilindha Technologies** March 2024- April 2024
Python Developer Intern Hyderabad
 - Developed backend functionality and automation scripts using python.
 - Assisted in scalable application Development and debugging activites.

SKILLS

- Programming Languages:** Python
- Database Systems:** SQL
- Cybersecurity Tools :** SIEM Monitoring , Log Analysis, Incident Response, Alert Triage , Splunk , ELK Stack , MITRE ATT&CK , Wazuh , IOC analysis

CERTIFICATIONS

- Cyber Job Simulation : Deloitte Australia
- Zero Trust Certified Associate (ZTCA) : Zscaler
- Zero trust cloud security: ([Zscaler](#))

July 2026
May 2025
March 2024

ACHIEVEMENTS

- Ranked in the **Top 9%** globally on TryHackMe by completing hands-on labs in SOC, Blue Team, Windows, Linux, networking, and incident response.
